

Waris+Soil Extract Medium Recipe

Directions

Suitable for cultures of Micrasterias and other desmids that do not grow in the basic waris medium.

For 1 L Total

- 1. Add 40 mL of GR+ soil water (avoid transferring soil particles) to 960 mL of Waris Medium.
- 2. Autoclave medium.

#	Component	Amount	Stock Solution Concentration	Final Concentration
1	Waris Medium	960 mL		
2	Soilwater: GR+ Medium	40 mL
